

Artists Rifles Clubhouse

Heart Disease:

Modern Approaches to Prevention and Treatment

Come for a 'private consultation' with a leading cardiologist.

Hear about the latest developments in the management of cardiac disease - the most common cause of premature death in the UK.

This is a chance to ask the questions that have been on your mind.

Guest Speaker - Dr Rod Stables

Saturday 3rd September 2016 at 1930 hours

Dr Rod Stables read Medical Sciences at Churchill College, Cambridge and Clinical Medicine at St Edmund Hall, Oxford. He trained in cardiology in Oxford and at The Royal Brompton Hospital in London. He is now a Consultant Cardiologist at the Liverpool Heart and Chest Hospital which is the largest single-centre specialist cardiac unit in the UK.

Rod is the national lead for research in interventional cardiology and chairs the Research and Academic Committee of the British Cardiovascular Society.

He is a member of the current Clubhouse community and well-known in Artists Rifles circles.
